

OV Spring 2019 After School Program--Full descriptions

Chess Club with Chess Mates

Grades: 1-5, Minimum students 8, maximum students 16, Cost: \$94

Vendor sponsored scholarships: 1 for a parent volunteer, and 4 additional

Join the Chess Club! Students meet for one hour, weekly. Each class will consist of one of the following activities: chess lesson/instruction, chess puzzle solving (workbooks), practice chess games between students. Come and bring a friend!

Workbooks, chess sets and other materials are provided, just come ready to learn!

PIANO-KEYBOARD CLUB by Musical Minds

Grades: K- 5 Minimum Students: 7 Maximum Students: 18 Cost: \$160

Vendor sponsored scholarships: 1 full

Kids will have the opportunity to learn to play their favorite songs and music on electric keyboards. Radio hits, movie and television themes are made so easy, that our participants will be playing them after the very first class! The club is a combination of keyboard piano lessons and a music learning workshop, which uses a clever visual method to teach the basics of music reading and piano playing. We've developed lots of learning games and activities designed to teach kids basic music reading skills and playing techniques, in ways that are fun, engaging, and stimulating. We want our students to stay motivated and continue to *want* to learn to play music, whether they like **Taylor Swift**, **Bruno Mars** or **Beethoven**. We have all the music they want. We have music from **Moana**, **Stars Wars**, **Frozen**, **Jurassic World**, and lots more. Each participant has his/her own keyboard supplied during the class, along with headphones, and books and other materials are included.

Circus Arts with Ms. Bruecher

Grades: 2 - 5 Minimum Students: 20 Maximum Students: 30 Cost: \$75

Vendor sponsored scholarships: 2 full or the equivalent (4 half, etc.)

Students will have the opportunity to learn how to unicycle, juggle, stilt, jump rope, perform and present skills to the class. Students will also be able to challenge themselves with different skill check off sheets. This is a "success oriented " class where everyone will thrive, have fun and improve.

Trash to Treasure

Grades: K-2 Minimum Students: 7 Maximum Students: 15 Cost: \$133

Vendor sponsored scholarships: 1 full scholarship

Make art using recycled materials with Seattle ReCreative! Using art-making and creative thinking, we will problem solve, work together, and have a blast! Each week will feature a different material and activity to inspire your child's imagination. From popsicle sticks to bottle caps, from fabric to cardboard, the creative possibilities are endless!

Magic: The Gathering

Grades: 3-5 (strict) Minimum Students: 6 Maximum Students: 12 Cost: \$90

Vendor sponsored scholarship: 1 full when full enrollment met

Magic is a great strategy game that combines elements of the game of chess and poker in which you bring your own pieces to play. This program will be geared for both new and experienced MTG players. At the start of the session each participant will get a Planeswalker Deck from the most recent Magic Set and after each class students will also get a booster pack to take home. Students are expected to bring their cards each week after receiving their deck in the first week. Basic through advanced game mechanics and strategy will be covered, as well as good playing practices and good gamesmanship.

Harry Potter Scene Study with Mode Music

Grades 2-5, minimum students 3, maximum students 10, Cost \$168

Vendor sponsored scholarships: up to 7 once minimum paid enrollment of 3 is met

Take a trip to Hogwarts in this awesome scene study class. We will use a selection of scenes from the Harry Potter films and books to learn the fundamentals of character development and how to bring a script to life onstage or on the screen. Using fun and creative improv games and acting exercises students will learn acting techniques and build confidence while becoming their favorite characters from this beloved series. A demonstration of learned material will take place the last day of class during the last 30 minutes.

Ceramics

Grades: K – 5 Minimum Students: 10 Maximum Students: 18 Cost: \$90

Vendor sponsored scholarships: One and a half scholarships or the equivalent

Roll up your sleeves, let your imagination soar, and let's play with clay! You will learn a variety of hand building techniques as you make fun, creative projects that will last a lifetime. Projects will be painted with an assortment of bright colors to choose from and then fired in a kiln creating a finished look to your piece. Our last project will be painted using a cold finish, which is craft paint and can be taken home that same day. We will make everything; from animals and picture frames, to monsters and seasonal/holiday projects, and so much more! I'm always striving to come up with new projects so classes will always be new and exciting. So let's have some fun! I hope to see you there! Just a little reminder...we get a little dirty in here but everything is washable. **Parent Volunteers are highly appreciated in this class!**

All Sport with One on One

Grades: K-3, Minimum students: 8, maximum students 24, Cost: \$110

Vendor sponsored scholarships: multiple available

Join One on One for All-Sport Class this coming session. Skilled and experienced instructors will conduct an exciting and productive session each week right after school. We will learn the strategies and motor-skills of various sports and games while playing games and scrimmages. Great fun, great camaraderie, and great exercise!

Have fun playing all of your favorite sports and games, including:

Basketball – Soccer – Kickball - Capture the Flag - Line Tag - Ultimate Frisbee & More...

The Art Workshop

Grades: K – 5, Minimum Students: 7, Maximum Students: 25, Cost: \$107

Vendor sponsored scholarships: 1 full

Learn and create fun fine art projects(All New Projects Spring 2019!) which include Cartooning, Drawing and Shading, Painting with Acrylic, Watercolor Painting, Pastels, Sculpting with Clay, Scratch art and Mixed Media. All Supplies are included. We teach our classes building on the fundamentals of drawing using shapes and we build on that each class. So even if we are doing a painting project or a clay project we still draw using shapes and we use shapes when we use clay. Each class we will finish an individual project. Even though the art project may seem different, we reinforce the foundations and techniques we have learned the previous weeks.

LEGO Robotics

Grades 3-5, Minimum students 4, Maximum students 10, Cost \$120

Vendor sponsored scholarships: 4

Lego Robotics focuses on three things: teaching kids some basic ideas about robotics and programming, encouraging creative building with Lego and having fun! No previous experience with programming is necessary.

Each child will get their own Lego WeDo 2.0 core set and iPad to use during class. They will learn to design, build and debug their inventions using a motor, a multi-color LED light, a motion sensor, a tilt sensor and a smart hub that runs the software they will write. The programming is done with a visual drag-and-drop interface on an iPad. Each class will build upon knowledge gained in prior classes, with an emphasis on having fun learning to code. The final class is "Demo Day", where parents are encouraged to come and see what their kids have built.

Lego Robotics is also offering 4 scholarships, please don't hesitate to apply!

Printmaking with Nancy

Grades 1-5, Minimum 5 students, maximum 12, Cost \$75

Vendor sponsored scholarships: 1 full scholarship at 5 enrolled, 3 full scholarships at 12 enrolled

Come learn how easy it is to make lots of copies of your art! In printmaking we'll make a design, put that design onto a template, and then use that template to print pictures. Your template lets you easily make lots of different copies of your picture. Since it's spring, we'll make pictures of your favorite spring things, and at the end, we'll turn your prints into a book that you'll take home.

NASA Academy of Future Space Explorers with Mad Science

Grades 1-5, Minimum students 12, Maximum students 18, Cost \$148

Vendor sponsored scholarships: 1 full after 16 enrolled

From Earth's atmosphere to the outer reaches of our solar system, join us on an expedition of galactic proportions! Mad Science and NASA have teamed up to create a stimulating enrichment program that reveals the wonder of space. We'll probe planets, comets, and constellations; ponder space technology, space travel and living in space. We'll even build and (school and weather permitting) launch a rocket! Every class is filled with unique hands-on activities, amazing demonstrations and fun educational take-homes.

Let's Juggle!

Grades 2-5, Minimum Students 3, Maximum Students 10, Cost \$60

Vendor sponsored scholarships: up to half of enrolled students

Have you ever wanted to juggle? It's easier than you might think!

Do you know that you already know how to juggle? You do! Come find out how to improve your juggling skills.

We'll explore a variety of objects for juggling, and kids will craft their own practice balls to take home!

Each class will include lots of skill building games (single and in groups), some directed practice, and some time to explore new ways of juggling (single and in groups). This is a success oriented activity where everyone will get to improve every class. Experienced jugglers are welcome to come and help and expand their skills.

Every session will include an opportunity to show off a skill you've been practicing that week!

Outdoor Wilderness with Seattle Adventure Sports

Grades: K-5 Minimum Students: 12 Maximum Students: 22 Cost: \$160

Vendor sponsored scholarship: free student tuition for dedicated parent volunteer, one half scholarship at 12 participants, and one full scholarship at 18 participants

We would love for you to join our Spring Quarter of Outdoor Wilderness!

We are excited to spend the term exploring the outdoors, learning wilderness survival skills and Leave No Trace principles. Students will have the opportunity to learn map and compass navigation, shelter building techniques and much more!

This term we are offering a K-5th grade program which will be staffed with at least two of our enthusiastic instructors. The class will be broken up into age appropriate groups and instructors will provide unique experiences for students of all grade levels. Every term is its own new experience so whether this is your first quarter or your fourth, we hope you will join us for some Outdoor Wilderness fun!

We will be outside every day. If anyone needs assistance with warm/weatherproof clothes, Seattle Adventure Sports has loaners- please ask!

Spring session runs April 25-June 6, no skipped weeks
